

Pennsylvania Plant Conservation Network Coordinator

Western Pennsylvania Conservancy, in conjunction with the Department of Conservation and Natural Resources (DCNR) - Bureau of Forestry, is seeking an individual to coordinate the Pennsylvania Plant Conservation Network (PPCN). This position will be based in Harrisburg, PA. The Conservancy invites applications for a Coordinator contract position for the PPCN with the focus of this position on species recovery of rare, threatened, and endangered flora of Pennsylvania. This position's primary role will be to serve as the coordinator for the statewide network of organizations, agencies, and individuals who collectively make up the PA Plant Conservation Network. This is a two-year contract position, continuation of the position is conditional on additional funding from the PA Department of Conservation and Natural Resources.

Candidates should have a Master's degree or equivalent experience in conservation related fields, particularly botany and vegetation ecology, and have direct experience organizing and coordinating groups, volunteers and projects. Strong communication skills including work in social media, meeting facilitation, and professional networking are important. Familiarity with Pennsylvania's flora, natural communities, and ecology is essential. The position requires considerable travel, independent work situations and personal initiative. We offer a competitive salary and benefits.

If you are interested in this position, please send a letter, resume, and salary requirements to wpcjobs@paconserve.org and list **PPCN Coordinator** in the subject line of the email. **Deadline for application is March 24, 2021.**
